CRE & FM THOUGHT LEADERSHIP PRE-CONFERENCE - 04.14.2020

7:00 - 7:30am  Registration *(Please Arrive Early)*
7:30 - 8:00am  Breakfast
8:00 - 8:30am  Keynote - Dwayne Miller, CEO & Co-Founder at UNIFI Labs
8:30 - 9:15am  Panel 1: Technology Supporting Programming / Design
               The tools that facility managers and their consultants have available to them throughout the design process allow building owners to be immersed in the design process, make informed decisions and have far better understanding of the expected built product. Additionally, artificial intelligence is starting to play a role in these tools by assisting with the optimization of space use, test fits and iterative design. This panel will explore a variety of technology solutions and opportunities available to support activities related to programming and design. This isn't your grandfather's AutoCAD®!

9:15 - 9:30am  Break
9:30 - 9:45am  Innovation Presentation 1 - Eden
9:45 - 10:00am Innovation Presentation 2 - Saltmine
10:00 - 10:45am Panel 2 - Technology Supporting the Construction Process
               The hand-off from design to construction has become much more seamless. This, among other changes, has allowed the world of construction to change dramatically over the last 10 years! Constructors now rely heavily on tools that allow for better coordination, materials take-offs, sequencing of work, clash detection and collaboration. This session will explore how BIM, collaboration tools, documentation repositories, data analytics and others are providing a better built product. Furthermore, this is accomplished in a more timely manner with a myriad of data available from the construction process to the owner at handover.

10:45 - 11:00am Innovation Presentation 3 - Zelus
11:00 - 11:15am Innovation Presentation 4 - Arc
11:15 - 12:00pm Panel 3: Technology Supporting the Operational Life Cycle
               This is where the rubber hits the road for most facility managers. What information did I get from the construction process, what do I have to create and then how do I manage the operational life cycle with it? This session will speak about technologies for managing facilities that extend far beyond the conventional. The panel will discuss concepts such as data governance, digital twins, augmented reality, IWMS, interoperability and much more!

12:00 - 12:45pm  Networking Lunch

AVAILABLE SPONSORSHIPS

**Breakfast Sponsor: SOLD OUT**
Includes 2 Event Tickets, Breakfast Welcome & Company Introduction, Logo Recognition on all Event Materials

**Innovation Presentations: SOLD OUT**
Includes 2 Event Tickets, 12-Minute Innovation Pitch, Logo Recognition on all Event Materials

**Lunch Sponsor: SOLD OUT**
Includes 2 Event Tickets, Lunch Welcome & Company Introduction, Logo Recognition on all Event Materials

**AV Sponsor: $500**
Includes 2 Event Tickets, Break Welcome & Company Introduction, Logo Recognition on all Event Materials

CRE & FM THOUGHT LEADERSHIP PRE-CONFERENCE - 04.14.2020

OUR SPEAKERS

JOSEPH AAMIDOR
Senior Product Management
Consultant/Managing Director
Aamidor Consulting

AMRITA BAJWA
Technology and Innovation Advocate

JOHN CARRILLO
IFMA Chairman of the Board

STEPHAN CLOITRE
Manager, Real Estate and Workspace Services Enterprise Platforms
Google

RO CORSIGLIA
Global Governance Executive, Real Estate
Google

SIMON DAVIS
Executive Managing Director, Global Technology
Newmark Knight Frank

LISA DE ROSA
Associate Director, Property Operations
Carvana

BRIAN HAINES
VP of Strategy
FM:Systems

NICK HOLZWORTH
Director
Saltmine

STEVEN LAMBERT
Chief Strategy Officer
Spacewell

STEVEN MCKISSICK
Managing Director
Newmark Knight Frank

TED MORT
Chief Innovation Officer
Zelus

GUY MESSICK
Principal/Director of Design Intelligence
IA Interior Architects

DWAYNE MILLER
CEO & Co-Founder
UNIFI Labs

AARON RICHIE
Director
Accruent

TED RITTER
Principal Consultant, Co-Founder
LMI360 / DrawAlert

LUKE RONDEL
Director
Saltmine

COLETTE TEMMINCK
Global Head of Integrated Facilities Management
Cushman & Wakefield

DAVID TRASK
National Director, Facilities and Emergency Solutions
ARC Technology Solutions

MELISSA VAN HAGAN
Director, Facilities & Corporate Real Estate
PriMed Management Consulting Services, Inc.
